The 1st Emirates Education Week
A Master Course in Modern Evidence Based Implant Dentistry
Focusing on Surgical & Prosthetic Aspects

University of Sharjah, U.A.E
24-28, November, 2013
This one week course, taking place in the beautiful premises of the University of Sharjah in the United Arab Emirates which is just a stone through away from Dubai, addresses the experienced general practitioner and the specialist in Periodontology and Implant Dentistry.

The concept of modern comprehensive treatment planning, based on the evidence obtained in dental research in the last decades, will be presented. Case presentations, group work and discussions will be carried throughout the course in order to train the participants in setting up comprehensive treatment plans, using dental implants.

Besides the theoretical part, several live surgeries will be performed. Modern periodontal regenerative procedures and modern plastic periodontal surgery, utilizing the latest developments in microsurgical techniques and materials will be addressed. Moreover, live implant surgeries with and without guided bone augmentations (GBR) in the aesthetic zone and implant surgery in the posterior maxilla in conjunction with sinus floor elevation will be performed. The participants will have the possibilities to practice these techniques in several hands-on exercises.

Prosthetic rehabilitation of partially and totally edentulous patients with dental implants and how optimal aesthetic results can be achieved in post extraction sites utilizing new materials will be discussed.

After this course, participants will not only be up-to-date in periodontal regeneration, implant dentistry and bone augmentation procedures but they will have also seen some of the wonders that the Emirates have to offer and experience the legendary Arabic hospitality.
Professor Dr. Dr. Niklaus P. Lang
University of Zurich, Switzerland

Professor of Implant Dentistry, The University of Hong Kong 2008-2012, Professor Emeritus, University of Berne, Switzerland, Chairman 1980-2008; Dr. odont. h.c., Aristotle University of Thessaloniki, Greece, 2011, Honorary Professor University of Aarhus, Denmark 2006-2011; Odont. Dr. h.c., University of Gothenburg, Sweden, 1997; Honorary Fellow RCPS Glasgow, 1995; Dr. odont. h.c., University of Buenos Aires, Argentina, 1994; Dr. odont. h.c., University of Athens, Greece, 1989; PhD, University of Berne, 1978; Master of Science in Periodontics, University of Michigan, Ann Arbor, 1975; Dr. med. dent., University of Berne, 1970; Honorary Professor: The University of Hong Kong 2013-2015, University College London 2012-, University of Zürich 2013-

Course Program

Sunday, 24 November - Biological background, initial therapy, periodontal surgery
Welcome and registration
The fundamentals of decision making – Keep the end in mind
Tissue integration – Novel concepts
Cause relative therapy – Patient’s preparation for implant treatment
Periodontal surgery - Emdogain
Evaluation of periodontal surgery and Guided tissue regeneration
Case presentation 1

Monday, 25 November - Implant surgery
Case discussion 1
Pre-surgical planning of implant patients
Live-surgery: 1 - Implant placement in the esthetic zone
Post-surgical protocols, surgical complications
Implant placement in the esthetic zone
Implant surgery in the esthetic zone - Hands-on exercise

Tuesday, 26 November - Implant surgery – Sinus floor elevation
Implant placement in the posterior maxilla – short implants vs. sinus floor elevation
Live surgery 2 – Sinus floor elevation
Sinus floor elevation using the osteotome technique
Hands-on exercise
Sinus floor elevation utilizing the lateral approach –
Hands on using the Mectron Piezosurgery
Case presentation 2

Wednesday, 27 November - Implant prosthetics
Case discussion 2
The 7 steps of treatment planning
Bone level vs.Tissue level Straumann implants
Implant abutments and related soft tissue management
All-ceramic vs. metal-ceramic
Case presentation 3

Thursday, 28 November - Complications, peri-implantitis & maintenance
Case discussion 3
Peri-implantitis: Aetiology and pathogenesis, diagnosis
Maintenance and treatment of peri-implantitis,
The C.I.S.T. protocol
C.I.S.T. – Hands on exercise
Technical complications – prevention and treatment
End of course
Social Program

During this course you will have the opportunity to experience some of the delights of the Arabian Gulf.

**Dhow Boat Cruise - Tuesday, 26 November**
Discover the major landmarks of Dubai under the moonlit sky as the traditional Dhow wooden boat sails along the Dubai Creek. The past and present architecture of the area is brought to its full beauty during this time, including the National Bank of Dubai, Dubai Chamber of Commerce, Sheikh Saeed’s house, and the Heritage Village. The tour also includes a buffet dinner of oriental cuisine.

**Desert Safari - Wednesday, 27 November**
This tour departs in the afternoon across the desert of Dubai with several photo-stops during an exciting dune drive to the first destination a camel farm. The drive continues across the desert. We stop to watch the beautiful sunset before reaching our campsite where you have the opportunity to do a camel ride, sand boarding and try out a henna design on hand or feet. After working up an appetite enjoy a delicious barbecue dinner and shisha (the famous Arabic water pipe). Before returning to Dubai/Sharjah watch our belly dancer performing her show around the campfire by starlight.
In association with the University of Sharjah, UAE. Pending CME accreditation from Health Authorities of Abu Dhabi.

Maximum number of participants : 35

IMPORTANT:
This information will be used in ALL correspondence and for your certification. Please write legibly using CAPITAL LETTERS when filling out this form.
